RESEARCH PRESENTATIONS AND PROJECTS

"Why there is a small percentage of Black American females in College Swim"

Utica, New York

Project presented at Student Conference for Research, Professional Activity and Creative Arts, Utica University

April 2022

- Constructed surveys, interviews, and calculations as to why there are very little female black swimmers in college swim
- Interpreted and analyzed quantitative and qualitative results generated as data was collected. Results found were expressed in the form of a research paper, public presentation, interviews, works of art, and an abstract to coincide my research
- Shared personal experiences to academic audience as a black female swimmer in a predominantly white institution

Website Development

- Designed a portfolio website, using HTML 5, with no prior knowledge of HTML/CSS coding using ideas from different parts of the internet to write code and place it in Visual Code studio thus making my portfolio.
